3 COUNTRIES IN 8 DAYS!

DAY 1

We awaken at 6am with the birds and struggle to leave our comfy bed at Old Vic but excitement looms as we head out on our tour. Our tour guide leading us to the Small Drakensberg mountain range.

DAY 2

We awaken in Kruger to the sounds of the animals starting their day and we head out early in time to catch some or hopefully all of the 140 mammals as well as the Big Five stretching and preparing for the new day.

DAY 3

Day three we once again awaken with the call of the animals as they also begin another day. We make our way out of Kruger National Park, seeking out the various animals not yet spotted as we head towards the exit gate and begin our journey to another amazing country: Mozambique.

DAY 4

As the sun rises on day four and we lazily stretch and take in the salty breezy sea air as we hear the ocean murmuring in the distance we know today promises plenty of rest and relaxation on the beach.

DAY 5

We relax and enjoy a leisurely breakfast before we pack up and leave the tranquil town of Bilene and venture into the capital city of Mozambique, Maputo where we do a bit of sight seeing in this awesome city.

DAY 6

As the sea air filters through our bedrooms we stretch and start packing up as we leave the sea and head into the beautiful hills and greenery of Swaziland.

DAY 7

As the sun rises stretches its golden rays across the beautiful green landscape known as Swaziland we check that we are wearing our most comfy shoes, that our camera's batteries are fully charged and we set out to explore all that Swaziland is famous for.

DAY 8

After last minute checks that all our souvenirs and cameras storing all our awesome memories are safely packed away we wave goodbye to the beauty and traditions of Swaziland. Heading off to Nelspruit where you continue on your way, whether homeward bound or to another adventure.
